

Eduemy

Software Systems Inc. Canada

Innovative Software Projects Centered Around Education

Education • Innovation • Employability • Systems Design

CERTIFICATE OF RECOGNITION AND ACCOMPLISHMENT

This certificate is proudly presented in acknowledgement of valued service, innovation, and professional accomplishment.

ÖZLEM TONBUL

for the successful completion of a three-month Information Technology Internship with Eduemy Software Systems Inc. Canada, and for meaningful contributions to the Freedom House Project through commitment, technical ability, collaboration, and a strong willingness to learn.

Eduemy Software Systems Inc. Canada further recognizes the recipient's participation in a professional environment focused on innovative software projects centered around education. The company also draws inspiration from its award-recognized educational software work, including College Cornerstone, recipient of an Award of Excellence from the Ministry of Colleges and Universities.
